UTR6.336 - THE JACK WYNHOVEN SCHOLARSHIP

Recitals-

A. By memorandum of gift dated 15 February 2014, Dr Jack Wynhoven AM DipCE (Gordon), BE (Civil) (Melb), MEngSc (Alberta), PhD (Alberta) ('donor') stated his intention to donate the sum of $500,000 ('donation') to the University in five annual instalments of $100,000, commencing 2014. The first instalment of $100,000 was received on 14 March 2014.

B. The donor stated in the memorandum of gift that the purpose of the gift was to establish-

‘… a permanent trust that will fund scholarships for a Master of Engineering student at the University of Melbourne who is in financial need.’

C. The University expects to award the scholarship for the first time in 2016, from the income generated in 2014 and 2015.

D. The donor is Dr Jack Wynhoven, AM who completed his bachelor of Engineering (Civil) at the University in 1964. Dr Wynhoven worked as a consulting engineer in Australia, Canada and Switzerland. He joined Connell Group in 1972 as a structural engineer, and from 1985 to 2001 he was chief executive and/or chairman of Connell Wagner, now named Aurecon. He was awarded an AM in 1999 for services to engineering and the promotion and application of technological innovation, followed by a Centenary Medal in 2001 for outstanding service to science and technology, particularly public science policy.

E. In 2000, Dr Wynhoven was named Victorian Professional Engineer of the Year and throughout his career has been active in professional organisations. This includes serving as president of the Concrete Institute of Australia, chairman of the Building Standards Policy Board, deputy chairman of Standards Australia, chairman of the CSIRO Industrial Advisory Committee for the Built Environment, member of the Victorian Premier’s Council for Science, Technology and Innovation (Premier Bracks) and member of the Victorian Premier’s Council for Science, Engineering and Technology (Premier Kennett). In 1995, Dr Wynhoven was chairman of the Institution of Engineers Victorian Division. Dr Wynhoven joined the board of management of The Melbourne School of Engineering Foundation (governed by UTR 7.128) in 2006.

F. The University accepted the donation upon the trusts specified by the donor, and the donation therefore became the capital subject to those trusts ('capital sum').

G. This University trust record is the means by which the University records -

(1) the trusts specified by the donor upon which the University as trustee holds trust property, including the capital sum; and

(2) the administrative arrangements for the implementation and ongoing performance of those trusts, as determined by the University from time to time.

It is provided as follows-

Name of the fund

1. The capital sum, all income arising from the capital sum, and any accumulations and additions thereto together form a fund called ‘The Jack Wynhoven Scholarship’ ('fund').

Investment of the fund

2. The fund is to be paid into one or more investment common funds and remain there until Council directs otherwise.
Trust terms

3. As trustee of the fund, the University is obliged by the trusts specified by the donor-
   
   (1) to establish a perpetual trust;
   
   (2) to award from the income of the trust scholarships for masters of Engineering students who are in financial need;
   
   (3) to retain any unspent income for award in a subsequent year, or add the unspent income to the capital of the trust, if in a particular year the scholarship is not awarded; and
   
   (4) to make all reasonable efforts to contact the donor or his representatives before making an application to the Attorney-General for Victoria or the Supreme Court of Victoria to change the terms of the trust.

Administrative arrangements

4. Until its further determination, and in order to implement the trust terms, the University has determined-
   
   (1) to call each scholarship 'The Jack Wynhoven Scholarship';
   
   (2) that the dean of the faculty ('dean') is to determine-
       
       (a) the recipient of each scholarship,
       
       (b) the value of each scholarship,
       
       (c) the term of each scholarship, and
       
       (d) the number of scholarships to be awarded each year;
   
   (3) the dean is to decide each year for the purposes of section 3(3) whether any unspent income is to be added to the capital of the fund or is to be accumulated as income.

5. The dean is authorised to award each scholarship on behalf of the University.

[New UTR certified 30/6/14]
